

Samsung XCover 4

Information Sheet

The ideal solution for use with the Care App from Person Centred Software

Having the right device for the job is important. At PCS our technology experts are always reviewing the latest devices so we can best advise our customers.

You are free to source and support your own devices to run the Care App, but we know it can be a headache to make the right choice, so we have just the solution for you!

Buy your Samsung XCover 4 devices directly from us and benefit from:

- Replaceable battery meaning your devices should last longer
- Tough enough for the care environment you work in! Durable, robust & protected from water and dust
- Exceptional clarity with a 5" inch display
- Increase security and control with Mobile Device Management (MDM)*
- Not sure or unsatisfied? Utilise our Buy-Back facility (applies for up to 12 months**)
- We'll support you with any troubleshooting*
- Includes key reel
- Charging racks supplied ***
- Free delivery within the U.K.

£235 per device (£195.83 Exc VAT)

*Device Support + MDM (hex node license) £3 per month per device. Minimum of 10 devices per MDM portal

**Terms and Conditions Apply. Full refund within first 3 months, after which a buy-back option is available at a depreciation rate of £10 per month from purchase date and excludes MDM. Devices must be in good working order.

***1 Charge rack supplied for every 5 devices purchased.
